TRICK OR TREAT! Safety Tips!!

Remind kids not to enter a strange house.

Make sure older kids go out with friends. Younger children should be accompanied by an adult. If you live in rural area, offer all kids a ride in the car.

Set a time limit for children to treat or trick. Together, map out a safe route so you know where they'll be. Remind them not to take shortcuts through backyards, alleys or parks.

Try to get kids to trick or treat while it is still light out. If it is dark, make sure the children are carrying flashlights that work.

One way to keep trick or treaters from digging in while they're still out is to feed them a meal beforehand.

Check out all treats at home in a well lighted place.
